Dear colleagues,

The teaching prize for PhD students has been awarded this year to **Raquel Lorenzo Vidal** and **Joaquin Varvasino** (alphabetical order) ex aequo. Please join us in congratulating them.

There were excellent candidates and the decision was not easy. We want to thank the faculty members who submitted nominations and recommendations.

The prize carries a cash award of €1,000 each.

Sincerely,

Davide Debortoli - PhD Director
Eulalia Nualart - TAs Coordinator
